
In the original print version of the editorial listed above, there was a typographical error in Equation 1 on page 68. The corrected equation appears below. The online version of the article was corrected on 7 June 2016 to reflect this change.

\[
15 \text{ g of carbohydrate} \times \left( \frac{0.33 \text{ units of insulin}}{1 \text{ g of carbohydrate}} \right) = 15 \times 0.33 \text{ units of insulin} = 5 \text{ units of insulin}
\]

\[\text{EQ. 1}\]
