

From Research to Practice

- 214** Preface: Cardiorenal Considerations for Type 2 Diabetes—Time to Exit the Dark Ages
Ralph A. DeFronzo, Guest Editor
- 216** Guest Editor
Ralph A. DeFronzo
- 217** Cardiovascular Outcomes Trials of Incretin-Based Therapies
Tina K. Thethi, Anika Bilal, and Richard E. Pratley
- 225** Sodium–Glucose Cotransporter 2 Inhibitors and the Kidney
Ralph A. DeFronzo and Muhammad Abdul-Ghani
- 235** Lessons Learned From Major Clinical Outcomes Trials Involving Sodium–Glucose Cotransporter 2 Inhibitors
Brian S. Wojeck and Silvio E. Inzucchi
- 243** Cardioprotective Effects of Pioglitazone in Type 2 Diabetes
Devjit Tripathy, Carolina Solis-Herrera, and Robert E.J. Ryder
- 248** Antihyperglycemic Algorithms for Type 2 Diabetes: Focus on Nonglycemic Outcomes
Carolina Solis-Herrera, Eugenio Cersosimo, and Curtis Triplitt

Feature Articles

- 257** Health Care Providers' Utilization of and Perspectives on Mobile Health Technology for Diabetes and Pregnancy Support
Jenise Jackson, Karolina Leziak, Charlotte M. Niznik, and Lynn M. Yee
- 268** Social Adaptability Index and Pregnancy Outcomes in Women With Diabetes During Pregnancy
Anna Palatnik, Rebekah J. Walker, Madhuli Y. Thakkar, and Leonard E. Egede

- 275** Patient Markers of Successful Diabetes Management
Amy T. Cunningham, Pouya Arefi, Alexzandra T. Gentsch, Geoffrey D. Mills, Marianna D. LaNoue, Amanda M.B. Doty, Brendan G. Carr, Judd E. Hollander, and Kristin L. Rising
- 283** Impact of Diabetes on Hospitalized Patients With Chronic Medical Conditions
Latha Dulipsingh, Hirva Bakeri, Dorothy Wakefield, Brett Shanaman, and Lisa Cook
- 292** The Diabetes-Specific Risk-Taking Inventory: Piloting a New Measure for Adolescents With Type 1 Diabetes
Rachel M. Wasserman, David D. Schwartz, and Barbara J. Anderson
- 301** Diabetes Distress, Daily Functioning, and A1C in Older Black Individuals With Diabetes and Mild Cognitive Impairment
Navajyoti R. Barman, Robin J. Casten, and Barry W. Rovner

Care Innovations

- 308** Leveraging Mechanical Forces to Target Insulin Injection–Induced Lipohypertrophy and Fibrosis
Heather E. desJardins-Park and Derrick C. Wan

Lifestyle and Behavior

- 313** Perceptions of Diabetes Self-Efficacy and Glycemic Control in Youth With Type 1 Diabetes
Tejal Shelat, Lucy D. Mastrandrea, Indrajit Majumdar, and Teresa Quattrin
